Docket No. ER06-1347-000

American Electric Power Service Corporation

Columbus, OH 43215-2373

Dear Mr. Sachdeva:

1. On August 9, 2006, you filed on behalf of American Electric Power Service Corporation (AEP), as agent for Indiana and Michigan Power Company (I&M), an Interconnection and Local Delivery Service Agreement (ILDSA) between AEP and the Town of Warren, Indiana (Warren).¹
2. According to AEP, the ILDSA allows AEP to bill Warren for local facility charges not covered by PJM Interconnection, LLC's (PJM) Open Access Transmission Tariff (OATT). The ILDSA addresses metering, meter data processing, power factor services and other matters, and also defines the terms and conditions for the interconnection of existing and future delivery points and AEP's coordination with PJM to facilitate transmission service to Warren.
3. Notice of the filing was published in the *Federal Register*,² with protests and interventions due on or before August 30, 2006. On August 30, 2006, Warren and the Indiana and Michigan Municipal Distributors Association (collectively, Intervenor) filed a motion to intervene, request for nominal suspension and comments in support of the ILDSA.

¹ Service Agreement No. 1455 under PJM's Open Access Transmission Tariff, FERC Electric Tariff, Sixth Revised Volume No. 1.

² 71 Fed. Reg. 47,800 (2006).

4. Intervenor support the ILDSA as submitted, but request that the Commission's acceptance be made subject to the resolution of issues pending in Docket Nos. ER04-1003-004, *et al.*³ They also request that the Commission accept the filing and suspend it for a nominal period to be effective on July 1, 2006.

5. Pursuant to Rule 214 of the Commission's Rules of Practice and Procedure, 18 C.F.R. § 385.214 (2006), the timely, unopposed motion to intervene serves to make the Intervenor parties to this proceeding.

6. The Commission, in *American Electric Power*,⁴ conditionally accepted other ILDSAs filed by AEP and suspended them for a nominal period, to be effective on the dates requested, subject to refund and subject to further Commission action in that proceeding.⁵ The Commission issued an order on August 25, 2006, in Docket No. ER04-1003-004, *et al.*, accepting the revised tariff sheets subject to conditions.⁶

7. Consistent with the acceptance and suspension of other ILDSAs in *American Electric Power*, the Commission accepts and suspends for a nominal period the proposed ILDSA, and grants waiver of the 60-day prior notice requirement⁷ to make an effective date of July 1, 2006, subject to refund and subject to the outcome of the *American Electric Power* proceeding.⁸

By direction of the Commission.

Magalie R. Salas,
Secretary.
